**REMARKS** 

Claims 1-20, 22, 23 and 25-28 are pending in the present application. Claim 20 has

been amended, claims 21 and 24 have been canceled and claims 27 and 28 have been

added. Claims 1, 7, 16 and 20 are independent. Reconsideration of this application, as

amended, is respectfully requested.

Rejections Under 35 U.S.C. § 103

Claims 20, 23, 25 and 26 stand rejected under 35 U.S.C. § 103(a) as being

unpatentable over Onda, U.S. Patent No. 4,790,271 in view of Haghgooie et al., U.S.

Patent No. 6,357,409. Claims 21 and 22 stand rejected under 35 U.S.C. § 103(a) as being

unpatentable over Onda and Haghgooie et al. as applied to claim 20 above, and further in

view of Brinn, USPN 6,202,499. These rejections are respectfully traversed.

As the Examiner will note, claim 20 has been amended to include the subject matter

of dependent claims 21 and 24, which have been canceled. In the Examiner's Office

Action, the Examiner indicated that claim 24 was directed to allowable subject matter. In

view of this, it is believed that independent claim 20 is now in condition for allowance.

With regard to dependent claims 22, 23, 25 and 26, Applicants respectfully submit

that these claims are allowable due to their respective dependence upon allowable

independent claim 20, as well as due to the additional recitations in these claims.

In view of the above amendments and remarks, Applicants respectfully submit that

claims 20, 22, 23, 25 and 26 clearly define the present invention over the references relied

on by the Examiner. Accordingly, reconsideration and withdrawal of the Examiner's

rejections under 35 U.S.C. § 103 are respectfully requested.

Additional Claims

Additional claims 27 and 28 have been added for the Examiner's consideration.

Applicants respectfully submit that additional claims 27 and 28 are allowable due to their

dependence upon allowable independent claim 20, as well as due to the additional

recitations in these claims.

Favorable consideration and allowance of additional claims 27 and 28 are

respectfully requested.

**Allowable Subject Matter** 

Claims 1-19 have been indicated by the Examiner as being allowable. In addition,

dependent claim 24 has been indicated by the Examiner as being allowable if rewritten in

independent form. Applicants greatly appreciate the indication of allowable subject matter

by the Examiner.

As the Examiner will note, claims 1-19 have been represented without amendment.

Therefore, these claims should still be in condition for allowance. With regard to dependent

claim 24, this claim has been presented in independent form, since the subject matter of

dependent claim 24 has been added to independent claim 1 along with the subject matter

of dependent claim 21. Dependent claims 21 and 24 have been canceled. Therefore,

independent claim 20 and dependent claims 22, 23 and 25-28 that depend from

independent claim 20 should also be in condition for allowance.

In view of the above, claims 1-20, 22, 23 and 25-28 should now be in condition for

allowance. Favorable consideration and early allowance of the above-identified application

are therefore respectfully requested.

CONCLUSION

reject the claims, but merely to show the state-of- the-art, no further comments are deemed

necessary with respect thereto.

All the stated grounds of rejection have been properly traversed and/or rendered

moot. Applicants therefore respectfully request that the Examiner reconsider all presently

pending rejections and that they be withdrawn.
